***Instantly Connect Up to 4 Universal Serial Bus
Devices to Your USB-Ready Notebook or Desktop***

Specially designed for PCs equipped with a USB port, the Compact USB 4-Port Hub from Linksys offers instant connectivity for up to four USB devices. Plug in peripherals like digital cameras, Ethernet adapters, modems, printers, mice, keyboards, scanners, and portable data storage devices in seconds.

Ready to run right out of the box, the Compact USB 4-Port Hub makes high-speed, low-cost expansion a snap. The Compact USB 4-Port Hub allows four USB devices to be configured and ready for use as soon as you plug them in. Equipped with advanced hot swap technology, the hub even lets you attach or detach USB devices while your computer is on, making it possible to switch devices on the fly!

The Compact USB 4-Port Hub offers data transfer rates of up to 12 million bits per second, which makes it perfect for speed-hungry multimedia, gaming, and Ethernet networking applications. For added expandability, you can daisy-chain the 4-Port Hub to additional USB hubs -- you can use up to 127 USB devices at the same time! Expand the capabilities of your PC with one easy step. It's never been easier!
